4. WHAT OTHER PRINCIPLES ARE SERVIER COMPLYING WITH?

SERVIER collects and processes your Personal Data in a fair, transparent and lawful manner, to the extent necessary for its legitimate business interests, and in consideration of your rights and freedom as individuals regarding the respect of:

- ***data quality and proportionality of the use of your Personal Data***: SERVIER limits the collection of your Personal Data to what is necessary in relation to the purposes for which they are processed ('data minimisation') and with adequate and relevant Personal Data only. SERVIER takes steps and processes to prevent excessive or irrelevant transmissions of Personal Data from the sender;
- ***accuracy and keeping your Personal Data up-to-date***: SERVIER takes steps to ensure that data which is inaccurate or incomplete, having regard to the purposes for which it was collected or for which it is further processed, is erased or rectified;
- ***appropriate data retention period***: SERVIER retains your Personal Data on legal and business retention requirements, in a form which permits your identification for no longer than is necessary for the purposes for which your Personal Data are processed. When the maximum retention period required by applicable law or the retention period required for the purpose of collection (whichever date occurs later) is reached, SERVIER takes reasonable steps to destroy the Personal Data; and
- ***security and confidentiality of your Personal Data***: SERVIER has put in place appropriate and commercially reasonable technical and organisational security measures to keep your Personal Data that it collects and holds confidential and to protect it against unauthorised or unlawful disclosure or access, accidental loss, destruction, alteration or damage taking into consideration state of the art technology and the cost of implementation. SERVIER takes appropriate measures to ensure that Data Processors who

are given access to your Personal Data reasonably uphold at least as stringent security measures as those applied by SERVIER.

5. ARE THERE ANY AUTOMATED DECISIONS FOR THE PROCESSING OF YOUR PERSONAL DATA BY SERVIER?

SERVIER takes appropriate steps to ensure that you have the right not to be subject to a decision which produces legal effects concerning you or significantly affects you and which is based solely on automated Processing of Personal Data, including profiling intended to evaluate certain personal aspects relating to you such as your performance at work, creditworthiness, reliability, conduct, etc.

6. WHAT ARE YOUR RIGHTS?

You have the right to request and obtain from SERVIER without undue delay:

- information in an intelligible format at least about the purposes of the Processing, the categories of Personal Data concerned, the recipients or categories of recipients, the transfers if existing, and the appropriate safeguards used;

- rectification of your inaccurate Personal Data;
- erasure of your Personal Data (unless it is necessary for us to process your Personal Data to comply with a legal obligation, performance of the contract we may have with you or for the establishment, exercise or defence of a legal claim);
- where applicable, to have a restriction of Processing;
- where applicable, to exercise your right to data portability and obtain from SERVIER your Personal Data, which you have provided to SERVIER, in a structured, commonly used and machine-readable format;

- to lodge a complaint with a supervisory authority regarding the use of your Personal Data.

You may submit these requests to the relevant contact (detailed in the Privacy Notices) via post, or via email, which can be found on the SERVIER local website (<https://www.servier.co.uk/>).

SERVIER may object to requests that are obviously excessive, in particular by their number, or their repetitive and systematic character.

7. IS THERE ANY TRANSFER OF MY PERSONAL DATA?

SERVIER is a global organisation, with legal entities on five continents, and businesses, IT systems, management structures and processes that cross borders. As such, it is sometimes necessary for SERVIER to transfer Personal Data to other SERVIER entities or to Data Processors or third parties, in the same country as or in countries other than the country in which it was initially provided, and/or store Personal Data in databases that may be hosted in or accessible from other countries.

- **Transfers to SERVIER entities:** Transfer of your Personal Data from one SERVIER entity to another SERVIER entity shall be allowed only if the transfer is based on a specific and legitimate business purpose, and the receiving entity ensures compliance with this Policy and with the Binding Corporate Rules and with any stricter local laws applicable to the transfer and to any subsequent processing (including onward transfer).
- **Transfers to entities outside of the SERVIER Group:**
 - **Data Processors:** SERVIER has entered or will enter into appropriate written agreements with Data Processors to ensure that they process your Personal Data in accordance with SERVIER's instructions and set up and maintain appropriate security and confidentiality measures to ensure an appropriate level of protection. SERVIER does not transfer your Personal Data to Processors outside of the EU unless those Data Processors have adopted appropriate privacy and security controls to protect your Personal Data in accordance with the relevant EU privacy requirements (for instance by ensuring the EU Standard Contractual Clauses approved by the EU Commission are signed with the Data Processor) if the Data Processor is located in a country outside the EU which does not provide an adequate level of protection of Personal Data, such clauses will be signed between SERVIER and the Data Processor.
 - **Third parties:** SERVIER entities may be required to disclose certain Personal Data to third parties. In particular, such disclosure may be required to comply with applicable laws (e.g. disclosure of salary data to tax authorities) or when the health or security of a Data Subject is endangered (e.g. in case of an accident). SERVIER may also disclose your Personal Data to protect its legal rights (e.g. in a litigation).

8. CLAIMS HANDLING AND ENFORCEMENT MECHANISMS

SERVIER entities will take appropriate remedial action, which may include disciplinary sanctions, in accordance with applicable law, if your Personal Data is accessed, processed, or used in any way that is inconsistent with this Policy or the Binding Corporate Rules (BCRs).

If reasonably and in good faith you believe that there has been a violation of the BCRs or of this Policy or that your Personal Data is processed in a way that is incompatible with the BCRs or this Policy, you may lodge a complaint to the contact detailed in the Privacy Notices whose independence is guaranteed during the performance of their functions.

SERVIER has a procedure in place to describe the roles and responsibilities for handling privacy complaints received from Data Subjects and for receiving, documenting, investigating and responding to privacy complaints.

When a complaint is registered, it must be acknowledged and handled within a reasonable period of time (one calendar month renewable on legitimate grounds and subject to the level of complexity of the case).

If you are not satisfied by the replies provided at local or global level, you have the right to lodge a complaint with the relevant supervisory authority and/or the competent jurisdiction where the relevant SERVIER entity is established. Prior to referring a case to the relevant supervisory authority or competent jurisdiction, each party should make its best efforts to solve a claim through the internal complaint mechanism described above.

9. SERVIER POINT OF CONTACT

For any questions on this Policy, or any complaints, or requests (such as access, objections or rectification requests), we encourage you to contact the relevant contact for you as detailed in the Privacy Notices.

10. AMENDMENTS

This Policy may be amended from time to time. The newest version of the Policy will be posted on the intranet and extranet website (<https://www.servier.co.uk/>) and may also be distributed (in hard copy or electronic version) as appropriate to employees.
